Dear Gerry:

Following discussion regarding use of the residence pool by individuals or groups other than those of our program. It was decided that due to

- 1) legal responsibility
- 2) misuse of the residence pool facilities
- 3) operating costs of pool equipment and maintenance:

that the pool would be closed for use until further notice.

It is hoped that there will be full co-operation in respecting this decision and there won't be any repercussion as a result of the decision.

It would be very much appreciated if you would inform all members of this decision, as it will be implemented immediately.

Should you have any inquiries in these regards please feel free to contact me at any time.

Yours truly,

WELFARE CO-ORDINATORS REPORT

The 1978 Budget
Consists of:

Care of Adults
Welfare Incentive Program
Welfare Co-ordinators Wage
Welfare Aide's Wage
Homemaker Service
Welfare Workshop
Basic Assistance
Shelter - according to actual shelter costs
Child In Home of Relatives/Guardians
Hospital comforts

Our budget does not include membership. We have not received any money this year or last year to operate this program.

ALSO NOTE: WE DO NOT ASSIST ANY NON-BAND MEMBERS AT ALL. THE BAND COUNCIL STARTED TO PUT THIS POLICY IN SINCE DECEMBER 1, 1977 AND ON JULY 15, 1978 THERE WILL BE NO EXCEPTIONS TO THIS RULE! THEY WILL HAVE TO APPLY IN TOWN FOR ASSISTANCE.

* SOMETHING OF INTEREST

If anyone is interested in farm labour in the Okanagan, we will help you phone to insure that there is work, and accomodations.

Then, we refer you to Marie Eustache at Canada Manpower for arrangements. They have special grants that will pay for your transportation, accomodation, and enough for food for a little while.

WELFARE WORKSHOP ON FRIDAY, JUNE 23, 1978 AT THE PAUL CREEK HALL - BUDGETING

There wasn't very many that turned out for the debt counselling session. Jerry Anderson is the Counsellor for Consumer Services (521 Seymour St.) 374 - 5676. They are located across from the liquor store.

He showed films concerning individuals before they knew that this service is available. The debt counselling service has been available for the past three years in Kamloops.

* Copies of the pamphlets handed will be put in the newsletter for your information.

NOTICE: ANYONE LAID OFF FROM WORK PLEASE APPLY FOR U.I.C. FIRST BEFORE APPLYING FOR SOCIAL ASSISTANCE, AND HAVE A JOB SEEKING FORM FILLED IN. IF YOU ARE UNDER A DOCTORS CARE YOU MUST HAVE A FORM FILLED OUT FROM YOUR DOCTOR TOO.

BUDGET

A budget is most helpful for keeping the family finances in order. In simple terms a budget is a plan arrived at in advance for dividing the given family income into priorities. Budgeting helps you to reach decisions based on fact rather than on guesses or impulses. If you agree to spend not more than a certain amount of your monthly income on food, then you will be motivated to shop carefully in order to stay within your budget. If the budget cannot be squeezed to include a new T.V. set, then you must delay purchasing one until it is economically feasible. A budget should be a simple plan for approximate monthly expenditures. A budget is part of creating an awareness for the consumer--an awareness which shows where the consumer must place limits on him/herself. In practice, a budget can simply be sitting down once or twice a month and roughly listing where you must spend your income. A budget should be more than an 'in-your-head' listing but an elaborate setting to paper is not necessary.

In planning, list in one column, your monthly take-home pay (and family allowance if applicable). 'Take-home' pay is what is left after deductions for income tax, unemployment insurance, etc. Be wary about including money to be earned by moonlighting and by overtime work. These sources of income are not always dependable. In another column list all of your monthly expenses in the following order: food; shelter; utilities; transportation; insurance; incidentals; clothing; savings and donations. Subtract column two from column one and the difference between the two gives you your disposable income. (Not more than 50% of disposable income should be ear-marked for credit payments.)

Because even the best laid plans go astray, it is wise to assess the health of your family finances from time to time. Of course, revisions will be made in light of experience or happily, increased income. Below is a guide for your convenience and assistance in planning your future economic security.

FOOD: Advice can be obtained regarding how much and how to spend your food dollar from the following sources; Welfare Department, Family Service Associations.

RENT OR MORTGAGE PAYMENTS: Happiness in a home does not depend on how much the house costs. Therefore, shop for the best possible accommodation for the least money. Seek advice from your local housing authority. You may qualify for subsidized housing, either on a rental or purchase agreement.

UTILITIES: Equalized payment plans are available in most cities. If they do not handle these plans themselves, ask for the month to month cost over the past year on your particular house or apartment. Budget accordingly.

CLOTHING AND FOOTWEAR: Seek the advice of a home economist, find out the advantages of off season buying, textile, quality, etc.

DRUGS: This depends on medical need and the health plans available.

TRANSPORTATION: Use public conveyances as much as possible, it will cut down on cost and pollution. If an automobile is necessary, remember needs and wants are different. Usually a small car costs less and looks it. Accept this fact.

INSURANCE: Don't be oversold. Seek the objective advice of your financial advisor. (Bank, Counsellor, etc.)

INCIDENTALS: (Spending money) Remember you will spend as little or as much as is available at the time of the expenditure. Don't carry too much cash but be sure to allow adequate spending money. If you allow too little you will be frustrated. Every member of the family needs some money for which he or she is not accountable to anyone. Try to be realistic about your needs.

BABY-SITTING: If you are a single parent or both parents work, check into day-care centres. You may be eligible for subsidized day care for your children. Perhaps you can trade baby-sitting with neighbours for special outings.

MISCELLANEOUS: These are the intangibles, such as birthdays, weddings, etc. They are not unexpected; set aside for these purposes. This is where you should set aside a few dollars each month for permanent savings to buy bonds, savings certificates or whatever you want. It will build you a sound financial future.

PROVISION FOR THE UNEXPECTED: Holidays, future expenses, etc. Every month a decision to save a certain amount of your income should be made. Current income may cover current expenses, but some of the extra income is essential for future financial soundness and your enjoyment of life.

On the back of this page is a sample budget outline you may find helpful.

THE ORDERLY PAYMENT OF DEBTS (O.P.D.)

O.P.D. is part X of the Bankruptcy Act, and is an alternative to personal bank
It is, in effect, a Supreme Court judgment in favour of the creditors. It is
the creditors and debtor together under a consolidation order for up to five y
or less. The advantages and disadvantages of O.P.D. are as follows:

Advantages:

(1) It is a court supervised pool which is binding on those concerned. (no ne
harassment, etc.)

(2) The monthly payment is based on what the person can afford.

(3) The interest rate of all creditors is reduced to 5% per annum.

(4) Creditors are prevented from taking any further legal action such as garn
ing of wages.

(5) Further credit is curbed until all debts are settled or reduced sufficient
enough to return the debtor to a financially sound position.

(6) As your situation improves, you may increase your payments and pay off the
order sooner.

(7) Payments can be reduced or waived for reasonable periods if your circumstances
worsen.

Disadvantages:

- (1) Secured creditors may choose to repossess their security rather than accept the reduced interest and controlled payments. (Necessities such as a reasonably priced car which is essential for transportation to and from work, can be given special consideration and included in your cost of living.)
- (2) No preference to creditors can be shown except as mentioned previously. eligible creditors must be treated the same.
- (3) Mortgages and debts to municipal, provincial and federal governments (tax court fines, etc.) are exempt from O.P.D.
- (4) O.P.D. is reported on your Credit Bureau file.
- (5) There is only a 90 day grace period for missed payments into court, unless just cause (unemployment, emergency expenditures, etc.) can be shown. If just cause is shown, each creditor receives a default notice and may proceed with whatever legal action or collection attempts they desire.
- (6) Even though you are allowed to incur a further \$500.00 debt for emergency expenditures, (car repairs, etc.), you may find it very difficult to obtain credit. You may have to rely on family and friends for assistance.
- (7) Regular payments into O.P.D. are evidence of sincerity and responsibility this assists you in re-establishing your credit rating, but sporadic payments could have a negative effect on future credit ratings.
- (8) Co-signors are not protected under your order, but can replace the credit for whom they co-signed, on the order. This means that the co-signor will probably have to make payments to the creditor involved. In turn, the co-signor will receive payments from the person on O.P.D. through the court as one of the creditors. (The co-signor receives a fair share of payments paid into court this may be more or less than the payment he in turn is required to make to the original creditor).
- (9) Orders requiring more than three years of payments require the written consent of all creditors.

PROCEDURE:

- (1) Contact your regional Ministry of Consumer and Corporate Affairs Office for an appointment or counselling by mail with the local Debt Counsellor.
- (2) Have an interview or complete questionnaire in full.
- (3) Complete an O.P.D. Affidavit giving legal names and addresses of all creditors, account numbers, approximately pay-out balances and all other information requested. (Include your postal code and those of all creditors.)
- (4) Swear the Affidavit before a Commissioner of Oaths or a Notary Public.
- (5) Pay a \$10.00 filing fee (if mailing fee, it must be certified cheque or money order payable to: The O.P.D. Clerk of the Court. Include completed Affidavit with payment.)
- (6) Debtor Assistance Branch will notify all creditors and have order passed as quickly as possible (Minimum of 28 days).

NOTE:

We must also have the two most recent paystubs of applicant and spouse (if

"BE A WISE CONSUMER"

When making a major consumer purchase consumers should take the following preventative measures to ensure value and service for their consumer dollars:

1. Research Your Purchase

- read up on the latest developments regarding the item you wish to purchase at the local Consumer Affairs office or your local library.

2. Compare Prices

- Shop around and compare prices before you buy.

3. Reliability of Firm

- Talk to friends, neighbors, about the firm you intend to buy from.
- Check with the Better Business Bureau in Vancouver - toll free number: 112-800-663-3145.

4. Credit Arrangements

- If you plan to buy on time, find out who handles credit - Store of finance company?, What are the rates?, Is it a conditional sales contract?

5. Read Contract

- Before you sign anything, take the time to read it.

6. Warranty, Guarantee

- Is there a warranty of guarantee?
- Where are repairs done?
- Does guarantee cover labour, just parts?

7. Policy on Returns

- Don't take anything for granted.
- Find out the stores policy on returning items which are unsatisfactory.

FIRE PREVENTION OFFICER REPORT

A message from the Fire prevention Officer, Bob Allan and Assistant, Jimmy Thomas.

Jimmy Thomas has been selected as a trainee to learn the job of Fire Inspector and to eventually to become the full time Fire Prevention Officer for the Band when Bob Allan retires.

Sometime in the next month or two we will be visiting all homes that use propane for heating and cooking to make sure that the installations have been installed correctly as per Fire Marshall safety regulations and to advise you on the safe use and maintenance of the appliances and tanks. Propane is a very dangerous fuel if not installed properly and we do not want to see any disasters happen such as the one in Clearwater recently when four people were very seriously burned as a result of an improperly installed tank that sprung a leak in the bottom of the tank because it became badly rusted from sitting on the ground.

In the meantime if everybody would insure that all weeds and grass are cleared away from at least 10' clear of the tanks. Now that the hot weather is here, grass and weeds represent a hazard to the tanks if they were to catch on fire.

Propane gas has a distinctive odour and if you smell gas at anytime, inside or out please do not hesitate to call us or a service man immediately and also to close the valve at the top of the tank to prevent any further gas escape. If there appears to be any leak in the house all doors should be opened to permit the gas to escape to the outdoors and the house should be evacuated.

We again like to stress the importance of having a smoke detector in your home and anyone desiring to purchase one may purchase one through this office at \$10.00 below the regular price \$31.50 including tax.

 CHIEF MAQUINNA

 A MESSAGE TO THE TOURISTS VISITING THE LANDS OF THE DESCENDANTS OF CHIEF MAQUINNA
 AND THE MOWACHAHT PEOPLE

TWO HUNDRED YEARS AGO, TWO SHIPS MANNED BY HELPLESS, STARVING, AND DISEASED WHITE MEN BECAME LOST IN A FOG NEAR FRIENDLY COVE ON THE WEST COAST OF VANCOUVER ISLAND, THE SHIPS WERE THOSE OF CAPTAIN COOK WHO HAD LOST HIS WAY SEARCHING FOR THE STRAITS OF JUAN DE FUCA. LEFT TO THEMSELVES, CAPTAIN COOK AND THE CREW MEMBERS OF BOTH SHIPS WOULD HAVE DIED.

THE MOWACHAHT PEOPLE LED BY THEIR GREAT CHIEF, MAQUINNA, PROVED TO BE THE SALVATION OF CAPTAIN COOK AND HIS CREW MEMBERS. IT WAS MAQUINNA AND THE MOWACHAHT PEOPLE WHO NURSED THEM BACK TO HEALTH AND PROVIDED THEM WITH FOOD AND TIMBER TO REPAIR THEIR SHIPS.

THE GENEROUS HOSPITALITY OF THE MOWACHAHT PEOPLE WAS RETURNED IN A MANNER THAT THE NATIVE PEOPLE HAD NEVER BEFORE SEEN: WOMEN WERE RAPED: YOUNG MEN WERE ABUSED, FOOD, SUPPLIES, AND ARTIFACTS WERE STOLEN.

CHIEF MAQUINNA WAS FORCED TO WITHDRAW THE NATURAL AND TRADITIONAL FRIENDSHIP AND HOSPITALITY OF THE MOWACHAHT PEOPLE. CAPTAIN COOK AND HIS MEN WERE FORCED TO LEAVE THE ONCE ALL TOO FRIENDLY COVE, AND IT WAS LEFT TO THE HAWAIIAN PEOPLE TO GIVE CAPTAIN COOK HIS JUST REWARD.

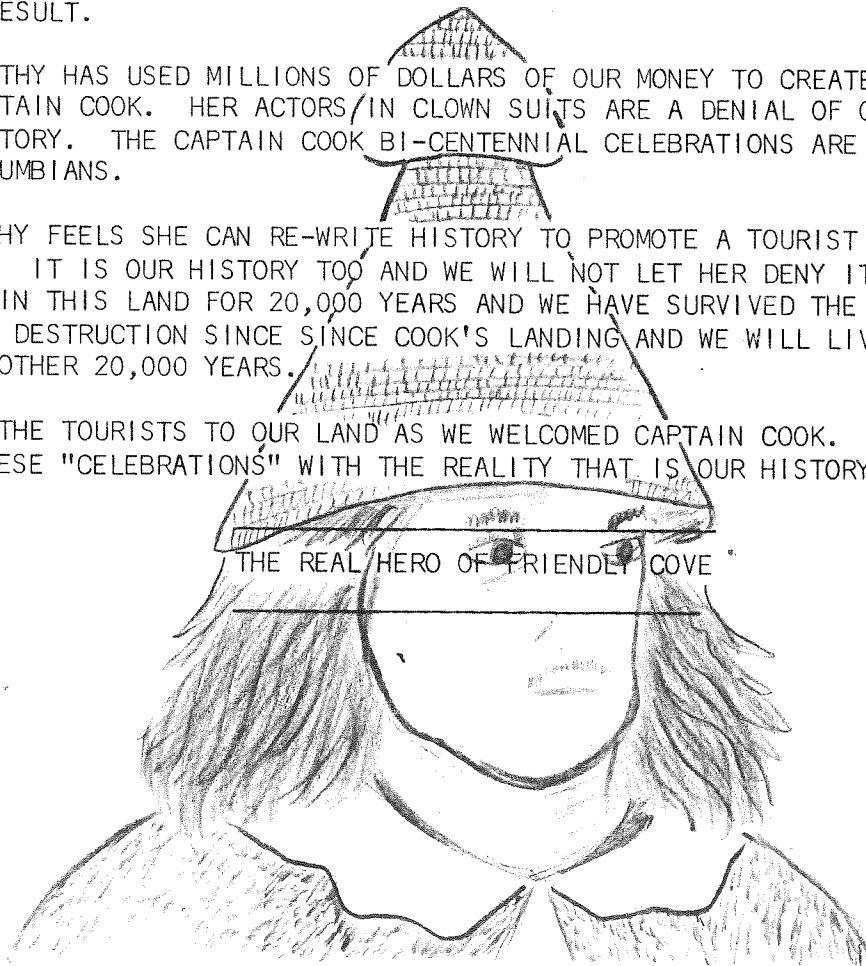

CAPTAIN COOK MAY HAVE BEEN MANY THINGS TO MANY PEOPLE BUT HE WAS NOT A HERO TO THE MOWACHAHT PEOPLE OR THE OTHER NATIVE INDIANS IN THIS LAND. COOK AND HIS CREW LEFT BEHIND DISEASES UNKNOWN TO THIS LAND AND HUNDREDS OF THOUSANDS OF NATIVE INDIANS DIED AS A RESULT.

GRACE McCARTHY HAS USED MILLIONS OF DOLLARS OF OUR MONEY TO CREATE HER TOWN HERO MYTH OF CAPTAIN COOK. HER ACTORS/IN CLOWN SUITS ARE A DENIAL OF OUR EXISTENCE AND OUR HISTORY. THE CAPTAIN COOK BI-CENTENNIAL CELEBRATIONS ARE AN INSULT TO ALL BRITISH COLUMBIANS.

MRS. McCARTHY FEELS SHE CAN RE-WRITE HISTORY TO PROMOTE A TOURIST EXTRAVAGANZA, SHE CANNOT. IT IS OUR HISTORY TOO AND WE WILL NOT LET HER DENY IT. OUR PEOPLE HAVE LIVED IN THIS LAND FOR 20,000 YEARS AND WE HAVE SURVIVED THE 200 YEARS OF DISEASE AND DESTRUCTION SINCE SINCE COOK'S LANDING AND WE WILL LIVE AND GROW FOR AT LEAST ANOTHER 20,000 YEARS.

WE WELCOME THE TOURISTS TO OUR LAND AS WE WELCOMED CAPTAIN COOK. WE SIMPLY WANT TO SOBER THESE "CELEBRATIONS" WITH THE REALITY THAT IS OUR HISTORY AND OUR BIRTH-RIGHT.

THE REAL HERO OF FRIENDLY COVE

Hawaiian joins plan to 'Cook the Captain'

By DAVE STOCKAND

Compliments of Capt. James Cook and crew: "mumps, measles, tuberculosis, fleas, flies, mosquitos." Not to mention syphilis. And — worse than venereal disease — goats.

Poor Captain Cook. The older he gets — and this is the bicentennial of his British Columbia landfall at Friendly Cove — the more enemies he makes.

B. C. Indians, who are boycotting the bicentennial celebrations honoring the British navigator, brought in their outraged connection Thursday in the hearty Hawaiian form of Gail Prejean of Oahu Island.

The 35-year-old Prejean — "I'm a Hawaiian first and a Hawaiian second" — is the former director of an organization called the Hawaiian Coalition of Native Claims, native in this instance meaning Polynesian.

He was introduced gleefully and with a glint of mischief by Bill Wilson, whose guest he is. Wilson is president of the United Native Nations, a B.C. Indian-rights group, which is organizing a "Cook-the-Captain" parade for Sunday.

Prejean will be there sharing the common bond the Indians and Hawaiians have in the Cook chronicles. After making his B.C. landfall in 1778, Cook sailed to Hawaii — or the Sandwich Islands as he knew them — and was stabbed and clubbed to death by Hawaii natives in 1779.

Prejean suggested — wryly — that if his ancestors had had present-day quarantine laws they could have quarantined captain and crew for a couple of months "and it might have been helpful."

GAIL PREJEAN, BILL WILSON. . . plan to 'Cook-the-Captain'

—George Dock Photo

"We can get caught up in arguing whether he introduced germ warfare deliberately or not," he said, "but the results were devastating. You can't get away from the fact of that.

"History bears witness to the fact that he

did introduce diseases to Hawaii which were heretofore unknown in our islands . . . mumps, measles, tuberculosis, fleas, flies, mosquitos."

Then there were those blasted goats that Cook brought. They literally ate the Hawai-

ians out of house and home, Prejean said, by devouring the pelée grass the people used to build their huts, leaving them exposed to the elements and all the more susceptible to the diseases the European intruders had carried with them.

Then 20 years after Cook, Cook's comrade-in-sail, Capt. George Vancouver, introduced cattle to the islands. The cattle, it is believed, caused the cholera epidemic that further decimated the Hawaiian population.

"These are some of the things that historians fail to talk about," said Prejean, also throwing in the observation that Cook was a man of "hasty disposition and a very mean temper."

Also, said Prejean, the Polynesians and the Indians of the Northwest had the common bond of Cooked-up experience where "where the hospitality and friendship that the natives shared with Cook and his men was returned with hostile treatment."

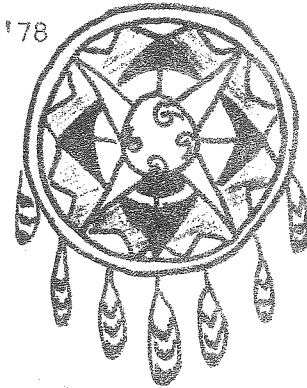

As for Cook's death, Prejean observed that the captain was the master of his own misfortune when he went ashore with an armed party to take an aging chief as hostage — Cook, it seems, was big on hostage-taking to gain his own ends.

"In illustrations that were done at the time you can see Cook's men paddling off the opposite way, heading for the boats — they weren't there backing him up," Prejean said.

"So that leads us to believe that many of his men were already dissatisfied with his supposed leadership or looked upon him as being a hostile man and just abandoned him — left him, you know."

NOTICE!

THE SECOND ANNUAL ASSEMBLY OF THE UNITED NATIVE NATIONS
WILL BE HELD JULY 5TH THROUGH JULY 9TH, 1978 AT THE
SAINT JOSEPH'S MISSION RESIDENTIAL SCHOOL AT WILLIAMS LAKE

The 1978 Assembly of the united native nations will again be a people's assembly. All native people in the province of B. C. who have been permanently resident here for the past 12 months are invited to attend & take part.

The active participation of both young and old is desired and welcome, this is your assembly so please be sure to attend.

Once again, the UNN will be providing bus transportation to and from the assembly for members who hold valid 1977 membership cards (red).

Camping facilities including tents, showers, wood, and traditional foods will be provided at the assembly site. Indoor accommodation at the residential school will be available for the handicapped and the elderly. Bring your family and camping gear (tents and sleeping bags if you have them) to this assembly.

The assembly site offers full facilities such as grounds for the tent village, showers, dormitories, gym for the meeting sessions, full cooking facilities, a large laundromat, play rooms for the children, and enough room for everyone....

Members are encouraged to bring their traditional dress, foods, songs, dances, and crafts, to share with other Indian Nations.

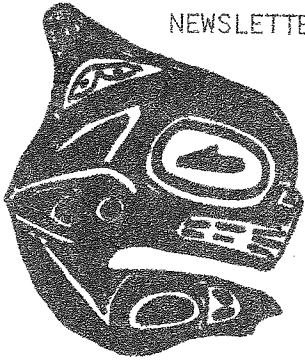

This is not an assembly for delegates-only to stay in hotels. This is meant to combine a cultural gathering and spiritual revival with a political meeting. Full members can participate in making the decisions regarding the future of the UNN, their own lives, and the lives of their children.

We are looking forward to seeing everyone at the assembly, remember: This is your assembly and only you could make it the huge success that it was last year.

You are cordially invited to participate in the Second Annual Assembly of the UNITED NATIVE NATIONS which will be held at the St. Joseph's Mission Residential School, 12 miles South of Williams Lake, from the 5th to the 9th of July, 1978.

It is the policy of the UNITED NATIVE NATIONS that we will communicate with, and cooperate with, all Native Indian Groups in the Province of British Columbia. We believe that this communication and cooperation can help us all overcome the various differences that exist between us and can help us avoid the "divide and rule" tactics practised by the Government and other bureaucracies.

We are expecting in excess of a thousand Native Indian People at our Assembly. The Assembly, then, is a good opportunity to meet other people and share in discussions about Aboriginal Rights and Land Claims and how we can together build a better place for our children in B. C. Society. Should you desire to make use of this opportunity, space will be provided for all Political, Cultural, Tribal, and Service oriented Native Indian Organizations in the Province of British Columbia to share their information with all Native Indians at the Assembly. This space will take the form of information booths which will be operative between the hours of: 8:00 - 9:00 a.m., 12:00 noon-1:30 p.m., and 5:30 p.m. - 7:00 p.m. The booths will be closed during the Assembly Sessions.

The Conference Agenda includes an Historic night. This Historic night is designed to honour elder Native Indian leaders who have been involved over the years in the Land Claims struggle in British Columbia. It is also designed to review a certain amount of our history with the objective of informing our younger people of their culture and traditions and pointing out some of their heroes to them.

We sincerely hope your Organisation will accept this invitation to participate in our Assembly, We look forward to meeting and speaking with you. Arrangements can be made by contacting Ms. Theresa Miller, who is our Programs Information Officer here at Head Office.

In conclusion, let me say that our Assembly is designed to be a People's Assembly with people participating and speaking to each other. In this regard, we have planned the Assembly to be basically a camp-out Assembly, so should you desire to attend the Assembly, you should now be making plans to bring your camping equipment. We intend to provide tents on the Camping Grounds, Showers and Washroom facilities are immediately adjacent to the Grounds.

Yours sincerely,

UNITED NATIVE NATIONS

President

The Display Cabinets for Trophies and Handicrafts is now completed.

Should any Band Members wish to put some of their handicrafts in the cabinet for display or for sale the facility is there for your use.

* { The Kamloops Indian Crafts School is in the process of requesting funding to open a small store for the purposes of selling Band Members Handicrafts. Hopefully the store will be at the School Buildings. If you are interested in selling the crafts or participating in the store come in and discuss it with Mildred Gottfriedson or phone 374-9412. }

Council has successfully, in co-operation with Bonaparte, Lower Nicola, an Deadman's Creek Bands negotiated back the artifacts that were taken by archeologists from the Mihium Reserves by the Provincial Government from several years back. These artifacts will be returned this summer. We hope to display some in the Council Room.

THRIFT SHOP

The Thrift Shop will be open on the 15th, 20th, and 30th of every month: from 1 p.m. to 4 p.m.

Clothes will be sold at \$1.00 per bag.

We are asking for any donations of paper bags and clothes - these could be left at the Thrift Shop.

Could any ladies please volunteer their time for a few hours on these. If so, please phone Delores at 374-5758. Thanks.

Last Sunday evening a peculiar scene was witnessed: an Indian having turned up at a Chinese grocery, near the mill, under the influence of liquor and becoming demonstrative he had to be tied hands and feet. Some Chinamen ran a pole under the rope across his back and marched along main street toward the jail: in the meantime the "noble brave" kept up a howling that would have rivaled a goodly sized porker. Finally the procession reached the Government headquarters, when the noisy savage was dumped into the "cooler," where his limbs were freed and allowed to stretch at full length upon the soft side of a plank floor.

HOUSING COMMITTEE REPORT

The Housing Budget approved from D.I.A this year was set at \$50,000.00 and the Band allocates an additional \$26,000, which brings the total Housing Budget up to \$86,000 for the 1978/79 fiscal year.

Out of this money we had to do a budget (with final approval from Council) which was as follows:

<u>A. NEW HOUSES</u>	<u>BAND FUNDS</u>	<u>D.I.A. FUNDS</u>
1. Russell Casimir	\$ 5,000.00	\$12,000.00
ii. Peter Peters	\$ 5,000.00	\$12,000.00
<u>B. MAJOR RENOVATIONS</u>		
1. Mildred Julas		\$12,000.00
<u>C. HOUSE PURCHASE CONTRIBUTION</u>		
1. Neil Leonard	** \$ 5,000.00	
<u>D. MISCELLANEOUS REPAIRS</u>		
1. Band Members	\$21,000.00	\$14,000.00
<u>TOTALS</u>	\$36,000.00	\$50,000.00

* The amount budgeted for Neil Leonard was allocated for this fiscal year, but has already been spent to move his house onto reserve etc.

In any business done with housing there is no cash given out; everything is done on the purchase order system, except of course in the case of salaries.

We have applied to Canada Works for \$59,598.00 to keep our housing repairs going. The grant applied for, should we get it, will carry our housing repairs program from September, 1978 to June 1979.

We are very hopeful that we will get at least some of the money we asked for. If not, our program will practically be at a standstill until we do get further funding some somewhere.

This fiscal year we have spent approximately \$25,000.00 out of our Miscellaneous Repairs money, which leaves us with approximately \$10,000.00 which is the estimated amount we will need to pay for the materials for the plumbing and electrical work that will be carried out this summer. We are not in a very good shape in our housing money for repairs, at all. The money spent includes the material for the insulation work we have done and are still doing on reserve, plus wages and whatever materials we needed for our own crew.

HOUSING COMMITTEE REPORT - CONT'D

As you are aware there have been quite a few things happening in housing this summer i.e.

- A. EXTRA HANDS - Doing the insulating work in the houses and in the basements.
- B. ENERACTION - Plumbers doing work (Howard Jules is a Trainee in this program).
- C. ENERACTION - Electrical Work (Michael Paul is a Trainee in this program).

The above (A.,B.,&C.) the labour is provided free and we just provide the necessary materials. HOWEVER, as the Committee and the Council wanted to train a Band Member for electrical and plumbing work the Band is paying for 1/2 of the training expenses and Canada Manpower is paying for the other 1/2.

We have had quite a few problems with the electrical work done in the past i. e. not up to standards, having to go back to one place all the time to fix and refix so we have finally asked Council to get Inspectors to do inspections and ensure that permits for jobs are done on our reserve houses. We hope that this will, in some way, alleviate some of our problems.

We have also encountered some minor problems with some of the Eneraction and Extra Hands crew not being allowed to do work by the owners on a couple of houses.

Because of the amount of money we would have saved on the labour in fixing these homes the Housing Committee has made a stand that we will NOT recommend approval to Council for any type of repairs that a band Member has refused to let these workers do.

I might also add at this time that we have gotten the go ahead from Council to hold a Lottery to try and obtain more funds for housing, the only stipulation was that we would have to set up an account and do our own accounting, as our Accountant has enough to do already. We are in the process of making the application and necessary paperwork to submit to the Attorney Generals office in Victoria. This will be discussed further at our next Committee Meeting on July 3, 1978 in the Band Council Room. In order to ensure that we don't lose money on this lottery we have to ask the CO-OPERATION OF EACH AND EVERY BAND MEMBER to sell tickets for this lottery. You will be hearing more about this, in the very near future.

HOME SCHOOL CO-ORDINATOR REPORT

I would like to congratulate all the students that are graduating this year, also the students that all passed even the students that didn't pass. They also should be congratulated for their efforts in school this year.

This is to all the parents there is still forms for this Christian and Jew's gathering. So, if you wish to have your teenager go to this gathering come in and I'll give you a form. The summer camp will be open this year so send your children to the camp. Well I'll see you all next fall. So you all have a safe holiday alright.

ADMINISTRATORS REPORT

Dear Band Members

After almost a three month wait we now have received our budget from Indian Affairs for the coming years. The Budget for the Band is not too bad and hopefully we will put it in the next newsletter. The greatest cuts are in welfare and education.

The Welfare budget in a gross dollar amount is about the same however with that money, we will have to carry more programs. The Education budget has been cut by about one third. The greatest area is in Adult Education. This means that Band Members will have to go to Canada Manpower more than relying upon help through the Band Office.

This year we hope to control funds more carefully than in the past with tight budget guidelines to follow. Starting in August, Don Seymour and myself will be instituting a budget report system to present to Council on a monthly basis so that expenditures can be made in a more planned manner.

Other financial matters have also been dealt with since the last newsletter. We have put some of our funds from the Revenue account into short term deposits which are available if we run short. What this means is that we should be able to make about \$8,000.00 per year from interest.

The Audit for 1977/78 is just being completed. This year we have had a complete inventory of all fixed assets that belong to the Band. What this will show is the appraised dollar value of all buildings machinery, roads, water systems, etc. The audit will be finalized in about three weeks.

Any questions regarding finances please give me a call and I'll try to explain.

REWARD

INFORMATION WANTED

\$1,000.00

\$1,000.00

The Nicola Valley Indian Services Association, Merritt, B.C. has offered a thousand dollars (\$1,000.00) reward for information leading to the arrest and conviction of the person or persons responsible for the abduction of Monica Rose JACK, a 13 year old resident of Quilchena, B.C.

Monica JACK was last seen on her bicycle, at approximately 7:45 P.M., May 6th 1978, on Highway #5, 11 miles North of Merritt, B.C. Her bicycle was recovered the following day at a vehicle pull-off area along the East shore of Nicola Lake, approximately one mile South of her home.

Witnesses have described a vehicle which may have been used by the person or persons responsible, as a light green Chevrolet or GMC pickup and camper. The truck has been described as a recent model, plain, white bumper and hubcaps. The camper is described as having a brown strip running horizontally around the camper about midway top to bottom. The rear door is plain, believed to be hinged on the left with a small window to the upper right of the door. The main body of the camper is colored light tan or

cream. There is a silver step just below the door at the rear of the camper.

Anyone having information to offer is requested to immediately contact the Royal Canadian Mounted Police at Kamloops, B.C. area (604) 372-3111, or any office of the Royal Canadian Mounted Police.
