I am married to Natasha Shore and together we are raising our three beautiful children. I participate in cultural activities (hunting, sweats, the powwow, etc...) in and around the community/ nation and encourage youth and members to be involved.

ELECT EAGLE CASMIR FOR COUNCIL

I am confident in my abilities to serve the Tk'emlups te Secwepemc community and would embrace the opportunity to become one of our next elected council members, November 14, 2015.

I choose to lead the Youth of tomorrow, by example. Living positive lifestyles, supporting my family, participating in the community gatherings, events and business.

I am committed to fairness and

accountability for all band members & employees.

I intend to continue in the support, assistance, creation and promotion of our TteS economic ventures not only for band owned/ run businesses but from our membership as well.

I make a positive difference in the quality of life of our community through the support and engagement of members, programs, events

and gatherings.

I will provide a voice for our community with all levels of government- internally and externally, through the events, activities and happenings of TteS.

I choose to represent the change we are looking for and know I can meet the needs of the membership and will serve the TteS community to the best of my abilities.
