

Type of Employment: Full Time, Seasonal until October 31, with opportunity to continue employment next year.

Sun Rivers Landscaping is seeking candidates to assist with the maintenance of community and neighbourhood landscaping and irrigation systems. Duties include maintaining water features, planting, mowing, pruning, weeding, raking, fertilizing, irrigation maintenance, pest & disease identification & resolution, and other tasks as required.

Ideal applicants will have experience and be mature, energetic, enthusiastic team players with a strong commitment to customer service. You should have a highly developed work ethic and be looking for employment in a challenging and dynamic work atmosphere. The ideal candidate possesses the passion for working outdoors in all weather conditions, shows an interest in plants and landscaping and demonstrates attention to detail.

Wages commensurate with experience.

Starting wage with no prior experience \$14.00 per hour. Starting wages for those with experience will reflect past experience and capabilities.

Experience Required:

- Landscape maintenance experience preferred, however we will provide training to those new to the industry that show a willingness and desire to learn.

Competencies:

- Knowledge of methods & materials used in grounds and landscape work.
- Working and safety knowledge of and ability to use hand, power tools & equipment.
- Ability to operate trucks and light motorized equipment.
- Physical strength, stamina, and agility.
- Ability to follow oral and written directions.
- Possession of a valid drivers license.
- Mechanical aptitude.
- Stamina and desire to work in all weather conditions.

How to Apply:

Submit a cover letter, resume
