

JOB OPPORTUNITY

RED SEAL INSTRUMENT MECHANIC

Activity sector: Pulp and Paper

Site: Kamloops, BC

Wage: \$46.09 per hour

Schedule: Fortnight (9-hour dayshifts, every other Friday off)

YOUR ROLE

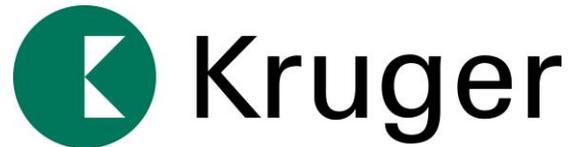

Reporting to the Electrical & Instrumentation Maintenance Supervisor, the Red Seal Instrument Mechanic will support the mill's continuous improvement efforts through construction projects and general preventative maintenance. The successful candidate will have a previous experience working in an industrial, safety sensitive work environment.

YOUR RESPONSIBILITIES

- ✓ Troubleshoot and repair process control instrumentation;
- ✓ Regular predictive/preventative maintenance;
- ✓ Servicing of control valves, emission monitors and kraft pulp analyzers;
- ✓ Use computer diagnostics and testing to monitor, measure and troubleshoot processes;
- ✓ Clean and perform routine maintenance work.

YOUR SKILLS AND ABILITIES

- ✓ Self-directed and works with minimal supervision;
- ✓ Ability to manage time and multi-task to accomplish a variety of assignments with conflicting priorities and deadlines;
- ✓ Confident written and oral communicator;
- ✓ Change agent with the ability to collaborate well with others;
- ✓ Strong problem solving & analytical skills;
- ✓ Proven organizational skills with the ability to prioritize effectively and manage multiple tasks in an environment with competing demands;
- ✓ Detail oriented;
- ✓ Committed to best practices in health, safety and environmental management
- ✓ Work well in team and possess a friendly and positive demeanor.

JOB OPPORTUNITY

YOUR QUALIFICATIONS

- ✓ Interprovincial Red Seal Industrial Instrumentation & Control Technician Certification secured through a formal apprenticeship;
- ✓ 3-5 years of experience working in a safety sensitive industrial work environment;
- ✓ Strong computer system aptitude and experience working with various types of software including Microsoft Office Suite and a computerized maintenance system (i.e. SAP);
- ✓ Possessing a dual ticket qualification in Electrical and/or HVAC in addition would be an asset.

WHY WORK AT KRUGER?
