

Tk'emlúps te Secwépemc Community Project Update Construction Start and Skilled Trades

06-Jun-2022

Construction Start! – Construction is officially underway as of June 6th. The project team and community are very excited to be reaching this milestone! The builder will always aim to be a good neighbour, keeping disturbances to a minimum, and to be a good steward of the lands. Tk'emlúps Business & Economic Development and other Professionals will ensure that expectations are met with quality, safety, and environmental responsibility as top priorities.

Local Participation – Skilled trades people, those interested in entering the trades, and local businesses are encouraged to participate in the construction phase of the Project:

Online Inventory: Register your interest in participating in the construction phase of the Project through our Online Inventory. This list will be provided to Contractors tasked with Indigenous participation and capacity development targets. **Register Today!**

- Click [Here](#) (or access the link through Project Websites)
- Scan the QR Code at the bottom of the page
- Call Derek @ 250-421-3716

Tender Packages: We can confirm the following at this time:

- Civil Works awarded and commencing on June 6th
- Structural, Mechanical, Electrical, and Building Envelope tenders closed
- Remaining works including finishes to be tendered in late June.

Keeping You Informed - Stay tuned for future updates via the TteS Community E-Newsletter, TteS Facebook, General Band Meetings, and Special Events. Updates are also posted to the Project Websites!
