About Nomodic

Nomodic is an industry-leading provider of integrated building solutions, from design and permitting to fabrication and installation. We believe in ‘building without boundaries’, where any client vision is fulfilled through an innovative, flexible, and holistic approach to construction. We have become a Canadian leader in the delivery of accelerated modular projects.

Our core purpose is to leave things better in everything we do: from delivering time savings and certainty for our clients, to helping our employees grow and achieve their full potential.
