

Transportation Technician II (Permanent Full-Time) # 792

Closing Date: August 26, 2022

At the City of Kamloops, we believe in progressive and barrier-free recruitment for everybody every day. This means employment opportunities for all in a safe, inclusive and diverse workplace. We know our city is stronger when we hire qualified individuals from different backgrounds with diverse experiences, cultures and perspectives.

We are focused on creating the highest levels of service excellence, based on an organization-wide community culture that celebrates our employees who make it all happen. We are known as Canada's Tournament Capital and are famous for our hospitality and community spirit, traits that make us a leader! Recreation, sports, arts and culture, health care, social activities, volunteerism, and affordable housing all meld to form a unique blend of big-city amenities with small-town ambience. This is Kamloops!

Let's make Kamloops shine! Join our team today.

Position Overview

If you're a self-starter who is motivated by providing top level public service, the City of Kamloops' Transportation Division is looking for someone to join their team as a Transportation Tech II. This position works with a team on the delivery of various transportation, active transportation, and transit related projects within the community. Assists in the development of design concepts for future active transportation road corridors and other transportation related projects and the delivery of the City's Transportation Demand Management (TDM) strategies. If you are someone who shares our corporate values of resiliency, purpose, trust, inclusivity, health conscious, and cooperation, then the Transportation Division is the place where you can grow your career and have a direct, positive impact in the community!

The successful candidate must have the following qualifications:

- Completion of senior secondary school or its equivalent.
- Completion of a two-year diploma in Engineering from a recognized technical institute with emphasis on the traffic and transportation field.
- Minimum of three years' experience in traffic or transportation technical engineering.
- Registered or the ability to be registered in the Applied Science Technologists and Technicians of British Columbia (ASTTBC) as an Applied Science Technologist or Certified Technician within a year
- Valid Class 5 BC Driver's Licence.

A comprehensive benefits package is included with this position.

For new hires, and for those working in designated positions of trust, including those working directly with vulnerable persons, no formal offer of employment will be made until an applicant completes a police information check.
