## FNHA AIR PURIFIER SUPPORT – 2021 WILDFIRE SEASON

July 22, 2021

**FNHA has identified TteS as a First Nations community that qualifies for the FNHA Air Purifier Support Program.**

**Due to limited quantities, priority and distribution of the purifiers will be based on the following FNHA eligibility:**

- must be a TteS member living on-reserve
- live in a home without a ventilation system that can recirculate air
- have limited transportation / mobility and are unable to access a community clean air shelter
- have asthma
- are pregnant and/or live with babies or young children
- have heart disease or diabetes
- have respiratory symptoms consistent with COVID-19, or a positive COVID-19 test, or are a close contact of someone with a positive COVID test

**Currently we are generating a list of names of TteS members who are interested in this program. Please note that eligible members will only receive one air purifier per home.**

**To put your name onto the waitlist, please contact:**

**Alysha Sigsworth, TteS Reception**

**(250) 828-9810**
