My commitment to you: to continue to stand up our Secwepemc laws, culture and language and assert our title and rights...

I have a strong work ethic: I am dedicated and committed to serve the Membership to the best of my ability. Logic and common sense drives my daily decisions.

Membership priorities are my priority:

- Responsive leadership and good governance
- community engagement and a focus on mental health
- better communication with membership
- transparency and accountability, especially with regards to economic development and business opportunities.

From my ancestors to the people in my life, to the land itself. To be in an earnest sense of humility and gratitude for this life we are living. And to always show up in the right mindset with all that I am relating to.

Knucwete kuc es yegwyegwt, s-kuc.

Community programs and services should focus more priority to meet the needs of our youth / community.

Council needs to focus on continuing to make our community safer and healthier for membership and work towards providing proper and sufficient mental health and addiction resources.

We cannot keep brushing this under the carpet.

We've all suffered a lot of major stresses this year. The compassion shown by our community, volunteers and staff makes me honoured, humble and proud to stand before you and put my name on the ballot.

Good luck to everyone in their campaign.
